PRESENTER:

**Debra L. Kaplan,**

MBA, MA, LPC, CMAT,

CSAT-S. After closing

a successful chapter

on Wall Street, Ms. Kaplan merged her

fascination with narcissism, power and

control with her studies in psychology.

For over a decade, Ms. Kaplan has been

a licensed psychotherapist treating

problems related to sex addiction, money,

and relationships. Debra conducts

intensives geared toward couples and

individuals for in-depth exploration into

personal money scripts in the Family-of-

Origin, relational currency, and tools to

restore financial balance in relationships.

**COST: \$25 (each date)**

### DESCRIPTION:

Issues involving money and sex are an inescapable presence in life and become particularly complex when introduced

into relationship. While tensions

concerning sex may take center stage

in our lives, studies repeatedly indicate

that disagreements about money are by

far and away the greatest stressor on a

relationship and the strongest predictor

for divorce. Join us for this 2.5 hour

experiential and didactic presentation

"sample" to learn what concrete materials

and topics your clients will experience

in the For Love and Money intensives.\*

While presented as a "sample," this

workshop covers substantial content

that therapeutically connects the dots of

sex, money and power in relationships.

The goal is to provide clinicians with an

"experiential" understanding of the often

hidden dynamics of power in intimate

relationships.

*\* This workshop is geared toward the clinician*

*who wishes to strengthen an understanding*

*and advance the skillset to successfully manage*

*clients' struggles related to money and work.*

### LEARNING OBJECTIVES:

*At the conclusion of each presentation, participants will be able to:*

1. Describe attachment dynamics in the Family-Of-Origin and adult romantic relationships.
2. List and understand the convergence of monetized rage and sexualized anger.
3. Explore and discuss the dynamics of relational currency.
