Therapists often struggle with how to best assist couples navigate sexual and financial power struggles and may require a deeper skillset to do so.

Join Debra L. Kaplan for a provocative dive into the psychology of power to improve your therapeutic narrative.

This webinar will provide competencies and interventions to successfully treat sexual and financial power dynamics as well as examine the underlying role that money and family-of-origin scripts play in these conflicts.

#### Objectives:

1. Identify and apply three evidence-based models of power in therapy.
2. Examine money and family-of-origin scripts in relationship.
3. Learn and apply three therapeutic interventions to shift sexual and financial power struggles in relationship.
4. Characterize attachment styles in dyads.
